SEATTLE TEAM ARRIVES

Prospects for the continuation of the Pacific National league for the rest of the season are becoming brighter every day, and while it cannot be stated for a certainty that this will be done, yet the Indications point very strongly in that Indications point very strongly in that direction. A meeting of the magnates has been called for Aug. 27 at Spokane, the remaining teams having already agreed to play up until that time. The dropping to play up until that time. Pacific National league, arrived in the city last evening with the Scattle team, and when asked if he intended to stick, repiled:

You can say that Seattle will stay with the league as long as there is a single team left to play with.

When asked if he thought the league would go through the season, Dugdale repiled:

"The season will surely be played through. The dropping out of Helena and Tacoma in no way inconveniences us beyond a slight change in the schedule. The league will be stronger without these teams than with them, as the remaining towns are all good ball towns and draws well enough to carry the league through. Manager Reynolds of the Salt Lake team had a conference with Dugdale, and said that Dugdale certainly brought good cheer along with him. Reynolds, like Dugdale, says he is in the game to play the season out, and that he has aprivate information from Butte and Spokane that they will de likewise.

Nothing could be learned about the two California teams, Los Angeles and Sah Francisco, as to whether they will place the season out or not. This, however, with not, affect the four northern towns, as they can keep busy sawing off against each other for at least two months yet without any trouble. In all probability here will be something definite to announce to the local fans within the next couple of days, and meanwhile they can rest assured that they have two weeks of good baseball in sight with the Seattle and Spokane teams.

Government Bookbinders Still After Miller.

Washington, Aug. 19.—The controversy between the bookbinders union and William A. Miller, assistant foreand William A. Miller, assistant foreman in the government printing office, has broken out afresh. On Monday Public Printer Palmer handed to Miller a set of charges which had been prepared by the union. Miller was informed that he could take the rest of the week to reply to them, but he sent them back to the public printer yesterday with the statement that they were made by irresponsible parties, that they were based on hearsay, and were too absurd to seriously consider. The officials of the government printing office were very loth today to discuss the case, but it was learned that the charges were mainly directed against Mr. Miller's personal character and related to acts said to have been committed as far back as twenty-five years ago.

WORLD'S PACING RECORD BROKEN

Dan Patch Goes the Mile in 1:59 at Brighton Beach.

STIFF BREEZE WAS BLOWING

1

Special to The Herald.)

Ogden, Aug. 13.—About 500 people attended the first of the three days' racing meet today at the county fair grounds and enjoyed some good sport.

The first race was the mile trot and pace, best three in five, and was won by Nigger Boy in three straight heats, Nick H second and Altamont third.

In the first heat, Altamont, who was well up toward the front and gaining on Nigger Boy, fell and pitched the sulky over her head. Riley Grant, her driver, fell in the middle of the track, but was unhurt. The incident was thought by some to have cost the plucky mare the race.

In the five-eighths mile dash, Argot, owned by John Y. Rich, won: Powell's Saxburg second and Keogh's Gold Bird third. Time—1:65.

In the third race, the quarter-mile dash, Honest John won, with Mayflower second and Little Ribbon third. Time—2:59.

Molly Alstott, owned by John Keogh, ir. won the three-quarter-mile dash over Doll Bros. Corbus and Hannani's John Mackey in the order named. Time—2:19.

Tomorrow's programme starts at 2:39, p. m. the wind and track considered.

There was a stiff breeze blowing, which struck the norse fairly in the face. The track was a little slow, but the effect of the wind was discounted by sending a runner in front, while the second runner galloped alongside. In view of the adverse condition the announcement was made that he would go against the track record of 2:00%, but would also try to beat the chamber of the work of the sole of the stolen horses before reaching there. It is believed that they are now somewhere in the vicinity of Cache valley.

but would also try to beat the champion record of 1:59%, held since 1897 by Star Pointer.

When the unbeaten pacer—for Dan Patch never lost a race—appeared on the track he was loudly cheered, and after a few preliminary warm-ups he got the word. With a swift, frictionless stride he shot from the wire and seemed to be determined to push his nose into the flying sulky in front of him which the thoroughbred in the shafts was steadily pulling ahead. On swept the famous pacer to the quarter in :29%, and when the half-mile pole was flashed past in :58% a great volume of cheers went up from the vast crowd. Then came the difficult top turn and the slowest quarter of the mile ensued, the

slowest quarter of the mile ensued, the three-quarters being done in 1:294. But down the stretch as swift and steady as a locomotive he came, and as he shot under the wire the watches stopped at 1:59.

The new champion was not at all distressed and looked as if he would be

able before the season is over to beat his own record. The betting was even money either for or against his beating the record. Summary:
